# KYBELLA

Eliminate the “double-chin” and reveal sharper jawline contours with precise, non-surgical fat-dissolving treatment.

## Pricing

**Single Treatments** start at $899

Consultations to recieve a personalized quote are free. Most patients will need a series of 2-3 treatments, package discounts available.

## Results

## What to Expect

Kybella is a quick, non-surgical injection that permanently dissolves under-chin fat. Treatment takes about 20–30 minutes, with swelling or tenderness for a few days, but most patients return to normal activities right away.
